The CO₂ emission figures and fuel consumption values published are established according to legislated technical specifications (UNECE regulation / UN Regulation 83 and SANS 20101 standards) which sets out the procedures used to test fuel consumption and emission standards.

The derived claimed figures are established through specific tests, under controlled and standardised conditions. These figures may differ from the actual achieved consumption in real world conditions which may be influenced by road surfaces, altitude, geographic conditions, vehicles options, weather conditions, temperatures, humidity, wheel sizes and overall driving behaviour.

illustrative purposes only and may vary from country to country. Vehicle specifications, features, colours and equipment may differ between models and are subject to change without prior notice. While every effort has been made to ensure the accuracy of the information contained in this brochure, Jetour South Africa reserves the right to amend specifications and equipment at any time. Please consult your authorised Jetour dealer for the latest product information.. The Retail Price is subject to change without prior notice and includes 15% VAT, CO₂ Emission Tax and a 5 Year / 75 000km Service Plan.
